### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Applicant has canceled all rejected claims presented in the previous Office Action. Claims 4-9 and 14-19 are allowed since none of the prior art of record discloses an apparatus and method thereof comprising, among other things, the limitation "*the programmable circuit comprises an operational amplifier, a first capacitor, a second capacitor, and a delay line, wherein the operational amplifier is adapted to compare a first analog voltage across the first capacitor to a reference voltage across the second capacitor and generate a control voltage based on the comparison, wherein the control voltage is adapted to control the delay line to vary the minimum pulse width of the increment pulse and the minimum pulse width of the decrement pulse, and wherein the minimum pulse width of the increment pulse and the minimum pulse width of the decrement pulse comprise a fixed fraction of a period of the reference clock signal*" as required by independent claims 4 and 14.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
